Training available in virtual class at all dates mentioned

Unless otherwise specified, all Information technology courses are offered on the same dates, in French and in English, in Montreal and in Virtual class. In Quebec City, the courses are offered only in French.

Ahead Technology has been known for its constantly updated reactivity and the quality of its material for over 10 years. It is a major player in the field and often called upon for consulting services. Its training material, the most comprehensive on the market, far exceeds the requirements and, thanks to the experience of its trainers, makes it possible to bypass theory and offer practice time, real life examples and knowledge transfer. Its customers are North American, European and even Asian. Excellence through quality, partnership and alignment with its customers.
